

Topic

During our Literacy lessons in the first half term, we have been using 'Arthur and the Golden Rope' as our stimulus. It is a tale of a young Icelandic adventure seeker named Arthur.

What do you already know about Iceland?

Task:

Research interesting facts and information on the country Iceland. What is their national dish? What sports do they play and are successful in? Are there any important or impressive landmarks? (Some questions to get you started).

Decide how you wish to present what you have discovered...

- PowerPoint Presentation
- A news report
- A videoed demonstration of a national sport
- Create a recipe book and make some national dishes
- Create a model of a landmark (e.g. junk modelling, Lego, paper maché)
- Fact file
- Profile of a famous Icelandic person
- Holiday brochure
- A timeline showing the important events in Iceland's history

Be as creative as you can and feel free to present your findings in a different way if you wish.
