

YEAR 3 and YEAR 4

Due in week beginning 4th November 2024

Please pick ONE of the following activities to complete with your child.

Design your own map of the United Kingdom. Include the key physical features that you know. Could you make it 3D or interactive?

National dishes. Across the UK there are lots of different regional foods from Cornish pasties, Welsh rarebit through to haggis. Can you make one of these dishes at home? Take photos and write your review of the dish.

Research one of the counties of the UK. Where is that county in the UK? What is the county town? What are the main physical and human features of that county? Create a leaflet or poster to advertise that county.

Design and make a game that helps others to learn all about the UK. It could be a board game, top trump cards or a quiz.

Use any of the ideas above to complete your homework task. Remember you can take pictures or be as creative as you would like to be.
